

Interdepartmental Seminar
Department: Cellular and Molecular Pathology (DKFZ) and
Center of Medical Research (ZMF) Mannheim
University of Heidelberg

January 9th
13.00 – 17.00
K2

Epithelial Differentiation:
Role of transcription factors and Micro-RNAs

13.00 – 13.45	Role of Foxq1 in epithelial differentiation <i>Alexander Feuerborn</i>
13.45 – 14.30	Micro-RNAs, miRWalk and cilia-proteins <i>Harsh Dweep</i>
14.30 – 15.15	Micro-RNA and renal ontogenesis <i>William Aaron Grandy</i>
15.15 – 15.30	Coffee
15.30 – 16.15	Prostate carcinoma and transcription factors <i>Prashant Kumar Srivastava</i>
16.15 – 17.00	Micro-RNA and prostate carcinoma <i>Stefan Kueffer</i>
